

UK Carbon Capture and Storage
Community Network
UKCCSC
Early Career Researcher Meeting

6 July 2010

UK Carbon Capture & Storage Community Network

- UKCCSC pronounced “uck-see”
- 4-years of funding (£1M) from EPSRC
 - to provide an open forum for the UK CCS academic community to share ideas
 - Encourage frequent communication between researchers
 - Enable expansion of the academic CCS community
 - Support early career researchers in their development

UKCCSC Early Career Researcher Programme

- Annual meetings
- Week-long short course (winter school)
- Today's goals
 - Networking
 - Informative
 - Future programme input
